

Rules of the Game

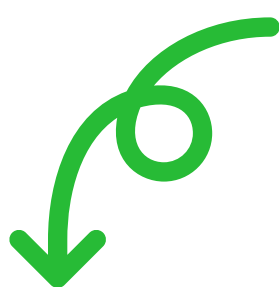

Goal

Be the first player to get all 10 dice showing the letter that matches the target die.

Setup

Each player gets 10 dice of the same color. Place the yellow target die in the center.

How to play

The person with the closest birthday rolls the yellow die to determine the target letter for the round. All players roll their 10 dice at the same time. After each roll:

- Set aside all dice that match the target letter
- Re-roll all others
- Keep rolling as fast as you can until all 10 dice show the target letter

Winning the game

The first player to get all 10 dice matching the target letter shouts "DB DICE!". That player wins the game!
